Scholarship

In recognition of student volunteerism in our community, Marco Polo World Foundation (MPWF) has established scholarships for students. The MPWF Scholarships recognize individuals who have made significant contributions to the community through their volunteer efforts and in multi-cultural activities.

Different from most other scholarships, the MPWF Scholarships place more emphasis on a student's demonstrated interest and efforts in serving his/her community than on academic or athletic excellence. It is the objective of MPWF to provide opportunities and to encourage students to become active in their community through volunteer service.
